ConcenTrace®
Trace Mineral Tablets

ConcenTrace® Trace Mineral Tablets provide full spectrum, body-balanced trace minerals from ConcenTrace® and are designed to replace trace minerals commonly found deficient in today’s diet.*

Suggested Use: For regular use, take 1-3 tablets daily. Products high in magnesium may cause a laxative effect. If this occurs, reduce number of tablets per serving and spread serving throughout the day.

ConcenTrace® is a trade name for concentrated sea minerals from Utah’s inland sea.

Other Ingredients: Microcrystalline cellulose, stearic acid, magnesium stearate, hypromellose, croscarmellose sodium, Carbowax™.

NO KNOWN ALLERGENS. GLUTEN FREE.

WARNING: Accidental overdose of iron-containing products is a leading cause of fatal poisoning in children under 6. Keep this product out of reach of children. In case of accidental overdose, call a doctor or poison control center immediately.

ConcenTrace® Trace Mineral Drops is the #1 selling trace mineral supplement in the natural channel according to SPINS.‡ For those who prefer tablets, we’ve also captured the power of ConcenTrace® in easy-to-swallow tablets.

ConcenTrace® is a perfectly balanced, full-spectrum trace mineral and liquid magnesium. It’s one of the most powerful mineral supplements in the world that has many uses and applications. It’s impossible to overestimate the importance of minerals and trace minerals for the human body. They are the catalysts for vitamins and other nutrients your body uses for promoting and maintaining good health.* Using ConcenTrace® every helps maintain healthy energy levels in your body by providing your body’s entire electrical system with the minerals it needs to function properly.*
Your Body Needs ConcenTrace®

Your body is an intricate circuit board of electric charges and impulses. In order for it to stay balanced and perform at optimum efficiency, you need to constantly replenish yourself with the minerals and trace elements found in ConcenTrace®. If you are one of the 90% of Americans who estimate suffer from mineral imbalance or deficiency, your body is lacking these essential elements, causing your body to misfire so you feel rundown and tired.

Power up with ConcenTrace® from Trace Minerals Research. It’s highly concentrated and offers full spectrum of ioni-cally-charged trace minerals that have been extracted from Utah’s Great Salt Lake, one of the world’s oldest inland seas. ConcenTrace® is the perfect solution for replenishing your body with the nutrients you need to maintain optimum health.

An All-Natural Solution of Living Minerals

ConcenTrace® is extracted directly from a natural source that took thousands of years to create. Over these thousands of years, the minerals in ConcenTrace® have been broken down to their most natural state where they have become naturally charged, living minerals that are bioavailable and soluble in water. In addition, the solution is in precisely the same proportion as healthy human fluids without synthetically produced compounds or deadly heavy metals.

The ionic minerals in ConcenTrace® also have the power to maintain and even improve the pH balance in your body. By preventing excessive fluctuations in acid-base balance, the body may create. Over these thousands of years, the minerals in ConcenTrace® have been broken down to their most natural state where they have become naturally charged, living minerals that are bioavailable and soluble in water. In addition, the solution is in precisely the same proportion as healthy human fluids without synthetically produced compounds or deadly heavy metals.

ConcenTrace® is so essential to human health that you’ll find it in every one of our quality products. ConcenTrace® is the perfect way to replenish your body with the nutrients you need to plug in and recharge.

ConcenTrace® Trace Mineral Drops

Ingredients: Concentrated seawater from the Great Salt Lake in Utah, USA. Contains no other added ingredients.

NO KNOWN ALLERGENS. GLUTEN FREE.

Suggested Use: This product is all natural, highly concentrated, contains no added preservatives, flavors, or sweeteners and has a very strong taste. We recommend mixing it with juice or food and dividing the serving throughout the day to mask the concentrated mineral flavor. Begin regimen by taking 10 drops for 3 consecutive days. Each day thereafter increase serving by 10 drops up to 1/2 teaspoon (40 drops) once or twice daily. Children age 1-3: Take 1 drop for every 5 lbs of body weight. For regular or sodium restricted diets. Minor crystallization may occur, but this does not affect the quality of the product.

Uses & Applications for ConcenTrace®

1. Magnesium Supplement—One of the highest quality, least expensive, most assimilable magnesium supplements on the market.*
2. Bone, Joint & Health—Taken as directed, many people have experienced many benefits, including the support of healthy bones, joints and teeth, and normalizing healthy bowel function.*
3. Re-Mineralize Distilled Water—1/4-1/2 teaspoon per gallon for fresh spring water taste.
4. Electrolyte Replacement—Increased energy, vitality, and improved health by replacing and balancing soluble minerals in the body fluids.* Soluble minerals are the electrolytes which conduct the body’s electrical energies.
5. Maintain pH Balance in the Body—The most important nutrients in our bodies for maintaining acid-base balance are minerals like those found in ConcenTrace®.*
6. Hair and Skin—Use internally to nourish from within, externally as a rub (very concentrated; must be diluted; keep out of eyes or areas of broken skin unless highly diluted).*
7. Helps Normalize Bowel Functions—Cleansing.*
8. Calcium Assimilation—Reports show that calcium assimilates much better when taken with magnesium. ConcenTrace® is high in magnesium.*
9. Circulatory Health—Minerals play important roles in decalcification, antioxidant protection, and cleansing in the body. ‘The heart requires magnesium with every beat and is used to relax the heart muscle.’
10. Vitamin Enhancement—Complete nutrition is more powerful nutrition. Vitamins without minerals DO NOT work. Trace minerals help support the assimilation of vitamins.*
11. Gardens and Plants—A study done by Rutgers University and other studies done by the USDA noted the severe mineral imbalance and depletion in American soil. For years many avid gardeners have used ConcenTrace® on their gardens as well as in flower beds. It is also very beneficial to house plants when diluted with water. See the difference in your plants.
12. Pets—Ever noticed your pet eating grass or dirt? More than likely your pet is lacking essential minerals. For years, pet owners have added ConcenTrace® to their pets’ food and water.
13. Athletic performance—There are many examples of improved athletic performance, including improved cardiovascular performance to improved blood serum nutrients.*
14. Body Building—A study of a number of international body builders using ConcenTrace® reported excellent results.*
15. Add to Carbonated Beverages—A recent study has shown that a few drops per glass balances soda pop to greatly reduce the potentially harmful effects of carbonation.*
16. Cooking—Studies show mineral depletion in our soils. We frankly are not getting the minerals in the foods we eat. ConcenTrace® remineralizes these foods and adds flavor.*

Compare and See Why We’re Better Than The Rest!

• Water soluble—easy to assimilate, electrolyte form, more energy.*
• Concentrated—easy to use, low cost.
• Body Fluid Balanced—low sodium.
• No fillers, nothing added—use with confidence.

Available in these sizes:
• 2 oz.–3 week supply
• 4 oz.–6 week supply
• 8 oz.–3 month supply
• 90 tablets–30 day supply
• 300 tablets–100 day supply
